Estate Awaits the Missing Reinhold W. Kessler

AN estate adjustment company is looking for Reinhold W. Kessler. It is desirous of locating him in order to roll into his lap a fortune. But Reinhold Kessler cannot be found, and it appears that unless he turns up in the very near future, his portion of the estate will be distributed as though he were dead, and Kessler will ever regret his continued silence.

Kessler was in Reno in 1907, but just how long he remained here cannot be ascertained. He came and went like thousands of others who drop into Reno and then drop from sight, either disappearing on the reaches of the deserts of Nevada looking for gold, or passing through to points east or west. Perhaps he went to San Francisco and is numbered among the uncounted who died when that city crumbled and burned.

At any rate he is wanted badly. The International Estate Adjustment company of St. Louis, Mo., has been in correspondence for some time with A. A. Hibbard of this city, asking him to use every effort to find the missing heir. Just what the share of the estate is that is due Reinhold Kessler is not stated in the communications, but it is inferred that it will reach into six figures. The estate was left in Germany, and it is from the Berlin branch of the estate adjustment business that the matter was brought to the attention of ... the St. Louis office. That company is sparing no expense in locating the man. The time is nearing when it will have slipped beyond the fingers of Kessler and will remain in the Fatherland where the fortune was accumulated by Kessler's relative.

WILL PRESENT PETITION TO COMMISSIONERS OF COUNTY

Strong Plea Will Be Urged at the Next Meeting in September for the Granting of Request Signed by Citizens for Road to Lake Tahoe

A map has been drawn and will be submitted at the next meeting of the county commissioners which map displays the proposed route of the road from Reno to Lake Tahoe. The map will be accompanied by a petition signed by hundreds of prominent Reno citizens and asking that the commissioners grant the request ... It will be pointed out that ... [illegible] ... to build as there is already much work ... [illegible] ... over the cut ... At that time sufficient ... the ... high ... gradually ... into city.

But with the rapid growth of this city and the increasing demand ... the matter has been brought up again and it is understood that the commissioners will probably grant the petition.

Except for the low rates made by the Southern Pacific through the efforts of Agent D. S. Taggart on Sundays there is little chance for Reno people to enjoy the beauties of this favored spot. Ordinarily the rates from Reno to Tahoe via the trains are prohibitive to all but the very well to do. This will be urged as one reason for the building of the road which will give access to hundreds who otherwise could not go but who, if the road is built, can make the trip in a few hours and have time to spend on the lake.

The terminus of the road would be near Tahoe, on the Nevada side, where the hunting and fishing facilities are unusually good even for Tahoe, the home of fishing.

When the petition is placed before the commissioners at their next meeting it will probably be represented by a committee who will urge its adoption by the county board.

NEWSPAPER MAN HAS BECOME A BENEDICT

William McClure Gotwaldt, one of the best known newspaper men in Nevada, and Miss Carlotta Mitchell of New York City, but for some time a resident of Reno and Carson City, were married at Tonopah at 8 o'clock last evening. The ceremony took place at the home of Mr. and Mrs. ... Evanson and was performed by the pastor of the Presbyterian Church of the bonanza camp. The wedding was a quiet affair and only a few friends of the contracting parties were present. At 8 o'clock this morning the couple left in an automobile for Manhattan where they will make their home.

Almost everyone in Nevada knows the happy bridegroom. He came to Nevada nine years ago from Santa Rosa, Cal., and accepted a position as city editor of The Journal. He held this position for five years and his work in that time did much in bringing outside attention to the then dormant resources of the State. He resigned about five years ago and for a time conducted a newspaper at Sparks. Later he went to Salt Lake City and Ogden and after a few months in Utah returned to take a position at Tonopah. Later he went to Carson City where until a few days ago he was city editor of the Carson News. He has now gone to Manhattan to take charge of the News at that place and grow up with the new camp. He is a son of Mrs. M. McC. Gotwaldt of this city.

The bride is well known in social circles in Reno. Since coming to Nevada the bride resided with her mother in this city at the corner of First and West streets. She is a talented musician, of charming personality and popular among society folks both here and at Carson. News of the approaching wedding was kept a secret until about a week ago. A few intimate friends then learned of the engagement and unawares to the bride to be a reception in her honor was planned and tendered to her by the Optimists Society last week.

W. C. Van Buren returned yesterday to Chicago where he will resume his music studies. He has been spending a few months in Reno his home and has been heard in concert several times. His many friends believe that the young musician has a bright future before him and his return from Chicago in another year will be awaited with much interest by music lovers.

He will place himself under the tutelage of the great pianist, Sherwood, whose musicianship has done much to attract European attention to music in the United States.

CHILCOOT IS TOUGHEST RAILROAD CAMP IN STATE

Dregs of Civilization Swarm to Work on Tunnel of Western Pacific and Brutal Crimes Are Committed With Surprising Regularity

Chilcoot is without doubt the toughest railroad camp in the country, said Jim S. O'Brien on his arrival from there yesterday. The number of cuttings, scraps and attempted murders there would make a history of crime greater than any ... place in the west.

A RARE TREAT AWAITS AT THE TOBIN CONCERT

Among the many attractions to be presented at the Tobin concert on Sunday night is the appearance of Miss Vivian Hickey of San Francisco, who is a most popular singer there and has made a reputation for herself in church and concert singing.

She will sing a big air from Meyerbeer's Les Huguenots and bring to the rendition a splendid temperament, pure and cultivated voice as well as the interpretation of a true musician.

Among the many successes which Miss Hickey has made in California may be mention of her solo work in a mass recently composed by ... Lucchesi, a composer of international reputation residing in San Francisco. The composer selected the soloists himself and Miss Hickey was asked to assume the soprano role. The San Francisco papers were full of praise for her work and the Chronicle said: "The Ave Maria with violin obligato was the most fetching number sung. The appeal implied in the song was tender pleadings and full of beauty. It was as pure as dew in the morning. It was sung in most charming manner by Miss Hickey, the soprano, who sang the number with infinite charm and musicianly spirit."

CANADIANS OBJECT TO HINDOO IMMIGRATION

VANCOUVER, B. C., Aug. 23—Owing to the restriction of Chinese immigration into Canada during the past few years large numbers of Hindoos have been coming into this port and securing work as laborers in mills and mines and agitations against the Hindoo immigration has hitherto been unavailing as the Hindoos are British subjects.

Now, however, the Dominion government has taken the matter up with E. G. MacPherson, M. P., who announced today on behalf of the government that this immigration will now be checked on the score that such immigrants are undesirable. The immigration act allows the Governor General in council to prohibit the landing of any specified class of immigrants which, in its opinion, are objectionable.

She was taken to the Central Emergency Hospital where Dr. Hill soon pronounced her out of danger.

FAREWELL SERVICE WILL ATTRACT CHURCHES

Rev. Van Deventer and Rev. Welch, Methodist Ministers, to Be Given Ovation by Clergy of Reno With Special Music and Ceremony

All of the Protestant Churches in Reno will unite in a farewell service Sunday evening for Rev. Van Deventer and Rev. A. C. Welch, the former having retired from active work in connection with the Nevada Methodist Mission with which he has been connected for the last sixteen years and the latter having been removed to California by the action of the recent conference held at Loyalton.

Those ministers who will officiate at the union ceremonies are Rev. Van Deventer, presiding officer; Rev. C. L. Mears of the Congregational Church; Rev. A. G. Sawin of the Baptist Church; Rev. A. C. Welch of the Methodist Church; Rev. Samuel Unsworth of the Episcopal Church and Dr. Stubbs of the University of Nevada.

Special music has been arranged and the singers have promised an especially good programme for the occasion. Dr. Stubbs has charge of this part of the ceremony. He is in San Francisco but will return this morning.

Preceding the farewell union service there will be a Young People's rally. This service will be held at 6:30 in the evening. C. R. Fischer of Oakland will address the youth and maiden on "The Relation of Young People in Training for Church Work." Fischer is secretary of the California Sunday School Association.

Rev. Van Deventer will remain in Reno, his home, and he will retire from active church work.

Rev. Welch will return to California as soon as the arrangements can be made for his leaving here. He will rest for three weeks until the California conference meets and then he will probably be appointed to a coast town to serve his church as minister.

PLANT INSPECTION COMMITTEE NOT UNNAMED

Mayor Says Suit Against Floriston Pulp and Paper Company Was Brought at Instance of State and He Has Taken No Action

Mayor Wilson stated yesterday that no committee has yet been appointed by him to inspect the plant of the Floriston Paper Mills Company, but that in time the invitation of the officials of the corporation may be complied with.

The suit against the paper company was brought at the instance of the State, said the Mayor. Sardis Summerfield was called to represent Nevada in the suit so the matter is hardly within my jurisdiction, although of course the city is interested in the outcome of the affair and I am glad that the paper company did not prolong the litigation by refusing to keep its refuse from the Truckee River water.

That the Floriston Pulp and Paper Company has complied with the wishes of those who opposed its polluting the local stream with sulphuric acid waste is not doubted by the Mayor. It is asserted by those who have passed the plant on the train the pipe line up the hill by which the refuse is conveyed to a reservoir is plainly visible.

INCORPORATION OF TAHOE BREWING COMPANY

Articles Filed at the County Clerk's Office Yesterday—Original Stockholders are Peter Dohr, Jacob Hook and John Maurer

Articles of incorporation of the Tahoe Brewing Company were filed yesterday at the county clerk's office. The incorporators are Peter Dohr, Jacob Hook and John Maurer. The company is incorporated for $300,000 of which each of the stockholders own $30,000.

Work on the brewery buildings will be started in a few days, the excavation work already having been completed. The plans for the building are now in the hands of Burke Bros., and Schiff, who will erect the building.

The machinery will be purchased in Chicago, Hook and Maurer being in Chicago at the present time for that purpose. The machinery will be ready for shipment as soon as the building is completed and will be installed immediately on its arrival.

It is the intention of the owners of the new establishment to supply the markets of all the western states with the beverage. The plant will employ in the neighborhood of one hundred men when running to its full capacity. A spur track will be run from the main line of the Southern Pacific road to the brewery and beer will be loaded into special refrigerator cars for shipment.

GUNFIGHTER IS STILL IN JAIL

Charles Loy, Who Fired Three Shots at G. H. Shurtleff, Is Looking for an Attorney

Charles Loy, who fired three shots at G. H. Shurtleff Wednesday afternoon, is still in the city jail awaiting his preliminary hearing on the charge of assault with intent to kill.

Loy has not yet obtained an attorney, but Attorney Daly of this city will probably be his legal counsel. The prisoner stated yesterday that he wished to be advised by an attorney and that he was prepared to fight the case to the bitter end.

Loy is a machinist and has been employed in the shops here for the past seven months. He came to Sparks from San Francisco where he has relatives. He says that the trouble was provoked by Shurtleff and that the shooting would not have occurred had the latter not thrown [illegible] beer glasses at him.

BOILERMAKERS GO TO SAN FRANCISCO

Mistake in Transportation Is Finally Rectified and Men Proceed West

The forty-six boilermakers who were unloaded from No. 3, when it reached Sparks Wednesday morning, left yesterday for San Francisco and other points in California.

All fears which were aroused of them being sent here to take the place of men employed in the shops have been set at rest. Just what was wrong with their transportation the officials here are unable to say. The order to give them transportation from Sparks to San Francisco came yesterday morning and they departed on train No. 5.

The demand of the boilermakers for an increase in wages has been placed in the hands of the officials of the road and action will probably be taken soon.

A receiver has not yet been appointed by the creditors but one will probably be placed in charge today. At the present time the place is in charge of W. J. Weaverling and A. Steele. Weaverling has charge nights and Steele during the day. The rooms have been placed in charge of a chambermaid. The bar room has been closed to the public.

NASHVILLE is situated at the Eastern base of Fred's Mountain, 20 miles North of Reno.

Fred's Mountain is proving to be one of the richest mineral mountains on the Pacific Coast.

Plenty of wood and water.

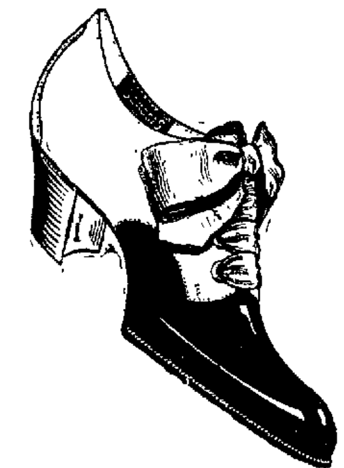

The ore averages over $100 per ton. Some specimens run as high as $16,000.

Lots in Nashville are selling like hot cakes at from $75 to $250.

More big fortunes have been made by wise investments in town lots than in any other line of speculation.

Come and talk the matter over with me at my office at 228 Center Street.

LANGAN PICKS GANS FOR A KNOCKOUT

Negro Will Score on Nelson Near Eighteenth Round

It is the opinion of several of the local sporting men that there will be more betting on the Reno at the fight than from [illegible] ... Already there have been 100 men here who announced their intention to attend ing the fight and it is probable that the [illegible] try adjacent will send fifty more ... the [illegible] duced rate is cinched.

Convinced that the mill will be on the square the local fight fans are taking more interest in the coming battle each day. The spirit of patriotism in wanting to see this southern camp make good has inspired the Reno sports with a desire to have as large a crowd present as is possible to accommodate in the [illegible] and at the ringside.

Reno is about equally divided on the winner. John Nolon picks Nelson to do the trick with his remarkable record and steadiness ... Artie Langen says that it is Gans all the way.

Gans will enter the ring a favorite [illegible] ... said Langen last night. The amount of money that will be in the pot [illegible] will [illegible] the [illegible] on the Dane and he will sell [illegible] ... It ... has shown in their light that ... this is what counts. [illegible] still seems a little doubtful at the Pal ... make the weight and [illegible] justice is a fighter. I think Gans [illegible]

The mill will not go twenty five rounds. Both men are now [illegible] this thing of doing the [illegible] ... with the sun beating down [illegible] and each will feel the effects of the weather.

If Nelson doesn't succumb to one of those [illegible] ... the sixteenth chapter it will be because the negro can't reach him.

Having considered the records of both men [illegible] the time they first appeared in the ring I believe that Gans will score a knockout between the twelfth and eighteenth round.

Altitude Has No Ill Effect On Joe Gans

GOLDFIELD, Aug. [illegible]—Gans trains with the usual lightness for this battle. Each morning he does the proverbial few miles on the road accompanied by his trainer and Sims, the ring partner. He says that he is feeling better than he ever [illegible] that the altitude here has not affected his staying powers.

Gans asserted this morning that he will let the Dane do the forcing that [illegible] done. He will only [illegible] training that will keep him down to weight and ... [illegible] ing to weary him. The negro's ability to hit as hard as in the old time style was exhibited this afternoon when he engaged ... the round mill with Kid Sims. The first little sparring partner was rendered [illegible] by one blow that [illegible]

The Baltimore youth was [illegible] he was [illegible] that a slump in the betting [illegible] been recorded unfavorable to him [illegible] the [illegible] ... the favorite with odds of 10 to 6 and [illegible] Larry Sullivan says that there will be a big [illegible] Eastern money ... the few days [illegible] the battle.

Nelson Fights Hard With Sparring Mate

GOLDFIELD, Aug. [illegible]—Nelson takes to hard hitting in his gymnasium and [illegible] the [illegible] ... an awfully punishing ... were prepared at a minute to call the ... surgeon to find if any of the [illegible] jolts the San Francisco [illegible] ... cause of training of the staff [illegible] Clifford [illegible] ... hard when [illegible] was up against the Mighty Dane. Jack is presumably glad that he had [illegible] to shift his w[illegible]

GOODWIN TO SEE FIGHT

Nat Goodwin who is in San Francisco will be a spectator at the ringside. He will be accompanied by the sporting element of the stage who have followed the actions of the fighters with such enthusiasm as to [illegible] them to train with Britt and Nelson during the battle of last September [illegible] and to [illegible] of the stage and ... money they own on the [illegible] Nat Goodwin will pass through [illegible] Goldfield Sunday afternoon.

Fight Trust Sad Over Invasion by Tex Rickard

Tuxedoless and Jordan as was the fight at Goldfield will be the followers of the king of sports since the first fight was pulled off will miss the human megaphone voice of Billy Jordan saying, "Gentlemen, this is Battling Nelson, a product of the stock yards and the pride of the world; gentlemen, this is Joseph Gans, a native of Baltimore and winner of many fights and bytee suits." The sp[illegible] is at the ringside will wonder what legislation has broken the iron poly of the fight trust and why Billie Tuxedo Graney is not present to count out the fallen hero.

[illegible] members of the Miners' Union will act as announcers and George Siler [illegible] will call the breaks.

Down in San Francisco someone has forged Graney's name to a telegram to Philadelphia offering Sam Berger and Jack O'Brien $4,000 to furnish the fight trust town with an exhibition. Graney has heard of it and while he mourns over the loss of the Gans-Nelson mill for San Francisco he exclaims, "It was absurd I would give $[illegible] I know who did it."

Somebody has whispered around the Graney blacksmith shop on the corner of Van Ness avenue and Market street that there is a greater match maker living than the official blacksmith and it is alleged that the famous P. Matthew has a grouch, one of those awful affairs when he walks around all day with his hands behind his back shaking his head as if to say, "It cannot be true that anyone has busted my little trust."

And now comes the announcement that Tex Rickard will take the Britt-McCarey match to San Francisco and add further to the lamentations of the members of the fight trust. This has caused it to be reported that the trust will be in the way to the Marsh us for its ruin[illegible] ... this invasion.

Then Larry Sullivan has promised [illegible] that he will bring the Berger-O'Brien fight to Goldfield on Thanksgiving Day. Sullivan states that he can get Al Kaufman to tackle O'Brien's place if the latter cannot make connections.

Automobiles to Have Boulevard Along the Coast

SAN DIEGO, Cal., Aug. 2[illegible]—Plans are about completed for the building of an automobile boulevard up the coast from the city limits at Del Mar to Oceanside. The board of Supervisors have agreed to macadamize all the sandy places. Two bridges come in the plans.

BRIGHT FUTURE FOR RENO REALTY VALUES

The future of Reno never looked so bright as it does at the present time.

Business men feel more encouraged every day.

The banks, excellent barometers of local trade, are increasing in deposits day by day.

Real estate is active. Sales are being made to newcomers to Reno. Building is on the increase. Homes are going up, new industries are being started.

All this shows that Reno has a future that strangers are being attracted to the city, that the population is gradually growing.

Business property is increasing in value. Houses are being rented at higher rents.

Distant suburban property is being sold quite readily. The prices obtaining would be thought unreasonable a few years ago.

What will the next five years bring forth? The next ten years?

Right here in Reno, well within the boundaries, is the Wheeler-Burke addition. Not to the far distant north or south or east or west, but an eight minutes' walk from the site of the new postoffice.

Valuable property. You must acknowledge. It's not too high you may say. Lots [illegible] for $[illegible]. Then there [illegible] high as $[illegible] It is in between these two figures—it depends entirely upon location.

Yet the lots in this splendid addition can be had as but a low cost.

Through the Journal's magnanimity this is accomplished.

NEW YORK STOCKS CLOSE QUIET BUT FIRM

Market Opens With Heavy Trading, but Later Eases Off—Money on Call Strong — Foreign Markets Higher—Grain Firm

NEW YORK Aug 23—With all loans opening at 6 per cent a further hardening of the rates for time accommodations and no material change for the better in the weak bank position, it was entirely natural that today's stock market should develop an irregular tone Trading at the outset was heavy especially in the Hill and Harriman issues and at generally higher prices, the market apparently taking its cue from London where a keen demand for American securities was reported

The most interesting feature of the day developed with an alleged plan of the Secretary of the Treasury to refund at an early date the 4 per cent bonds of 1907 This issue amounts to almost $117 000 000 and rumors had it that the Government as a relief measure might anticipate the retirement of these bonds with the proceeds of the new per cents. The possibilities of this plan opened the way to such discussion Trustworthy information shows that there is absolutely no foundation for the motion that the Secretary contemplates renewing his gold anticipation order of last spring Pressure on the local banks was slightly induced by the Secretary's action in depositing $3 000 000 in interior banks

Foreign exchange developed increased weakness but the situation with regard to gold imports is still without change Advices from London indicate that Russia is negotiating for the next consignment of the metal from South Africa and may outbid American bankers The return of the most conspicuous figure in the Great Northern and Pacifics was the signal of the renewed movement in these issues which shaped honors at the opening with Union Pacific and United States Steel

The day's business was limited in a large part to half a score of the more active stocks They included United States Steel Northern Pacific Amalgamated Copper Reading Anaconda St Paul Great Northern and Colorado Fuel Trading in the afternoon was hardly in keeping with the pace set during the morning session business falling to relatively small proportions though prices were holding well

In the final hour call money was freely offered at 3½ per cent but this was hardly sufficient to offset the steady selling much of which was presumably induced by fears of an unfavorable bank return Bonds were easy Total sales par value $1 755 000

Grain and Produce

CHICAGO Aug 23—A reported loss of 10 per cent in the Wheat crop of Russia caused a sharp advance in the price of Wheat today on the total exchange The rally came about the middle of the session Prior to that time sentiment had inclined to the bear side because of easier cables and an increase in the receipts of new Wheat at Minneapolis arrivals there being twenty-five cars Wet weather in the Northwest aided the quick upturn The market was steady during the last half of the session and trading fairly active The market closed strong with prices at the highest of the day September opened a shade lower at 70¾@70¾c sold off to 70¼c and then advanced to 71½c where it closed ⅝c net higher

Rain in Nebraska weakened the price of Corn early but later sentiment became bullish chiefly because of the advance in Wheat The market closed strong with prices at the highest point of the day September opened ⅛c to ¼c lower at 47⅛c to 48c sold off to 47¼c and then advanced to 48⅜@48¾c Final quotations were ⅝c to ¼c higher at 48⅜@48¾c

Summer Diarrhoea in Children

During the hot weather of the summer months the first unnatural looseness of a child's bowels should have immediate attention, so as to check the disease before it becomes serious All that is necessary is a few doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy followed by a dose of castor oil to cleanse the system. Rev M. D. Stockland, pastor of the first M E church, Little Falls, Minn, writes: "We have used Chamberlain's Colic, Cholera and Diarrhoea Remedy for several years and find it a very valuable remerdy, especially for summer disorders in children" Sold by all druggists.

EDITORIAL COMMENT

THE PROSPECTS OF DEMOCRACY

NEVER before, perhaps, in the history of Nevada have the chances of the Democratic party for success been so bright as they appear at the present moment. Every indication points to a victory at the polls, and that, too, by a rousing majority.

The reasons for this condition of affairs are many. In the first place we have the overwhelming return of the notional organization to the leadership of Bryan. Not only is he as strongly intrenched in command as he was ten and six years ago, but in States like Massachusetts, Pennsylvania and Wisconsin, where his hold was previously infirm, he is now as strong as he ever was in Nevada or Colorado. This makes his nomination in 1908 a settled thing, and this circumstance cannot fail of a profund effect in the State in which he caputred three out of every four votes in 1896.

It is true that we have had a large immigration from other States, and the position of these immigrants might ordinarily be reckoned doubtful. But the great majority of them are from Colorado, where Bryan sentiment is nearly as strong as it is in Nevada, and where the Citizens' Alliance had to rob a Democratic Governor of his office in order to enjoy the fruits of its campaign against the miners, conducted under the command of Peabody, his Republican predecessor.

A significant result of the effect of the Bryan movement is the return of the members of the organization known as the "Stewart Silver Party to their connection with the Democratic party.

Another source of strength to the fusion party is its record on the eight hour law. This measure was, of course, a popular one among the miners of Nevada, and their influence will undoubtedly be thrown to the side that has proven itself their friend.

The attitude of the national administration on the Chinese question is unpopular in this State, and will have its effect on the State election. That Taft, who is Roosevelt's choice for the Presidency in 1908, should have lessened the restrictions against Chinese immigration, and that both gentlemen should stand for the introduction of Chinese coolies to perform labor on the Panama canal is something decidedly unpalatable to the people of the Pacific coast, and no where more so than in Nevada.

Then the Republican party for the sake of Nixon's money took him back into the fold and gave him the nomination for the highest offices in its gift after the probation of only two weeks; it set a precedent that has resulted in great damage to its cause. Not only did it show that the organization in Nevada is as much the servant of mammon as it is in the nation, but it gave every new refugee the impression that he had more right to consideration in the distribution of honors and gifts. It placed transient lodger on the same place with or a little above, the steady boarder. Hence the unseemly squabble over the United States judgeship, which has made such a terrific row in the ranks of the party and possibly taken the office away from any Nevadan.

On the other hand, the fusion party was never more harmonious than it is today. All factional differences, if any such existed, have been healed, and the allied forces present an unbroken front to the dismayed inspection of a disorganized and disheartened enemy. No wonder that the Republicans are having such a search for a candidate to lead their doomed army to a certain defeat. No wonder that non-residents and unknown men are being touted as the proper material for their gubernatorial timber.

Other issues that have not yet made their impression on the local voter are to come to the front to the detriment of the g. o. p. The unfriendliness of the administration towards silver, as shown by the care of Secretary Shaw to purchase the white metal in such a manner as to reduce the possibilities of a rise in price to a minimum is a thing that will be brought to the attention of the Nevada voters during the campaign. There is a Republican tariff to protect the products of Eastern manufactures, there is a Republican law to compel the purchase of tariff-protected goods for government use on the Isthmus of Panama, but when it comes to American silver the administration is always out with the hammer. Secretary Shaw can loan gold to keep up the price of stocks on Wall street, but when it comes to silver, no precaution that may act as a drag on its progress is omitted. Of course, the administration has to do this to vindicate its theory that the demand for silver has no effect on the price, but the Nevada miner or mine-owner have no quarrel to uphold such a theory as that.

Another thing is the tariff, which robs the miner and the mine-owners, and gives them nothing in return—unless the owner be a tin or borax mine-owner, and it is hardly necessary to inform our readers that tin and borax mines are somewhat infrequent in Nevada. The Journal is not a free-trader but in common with the great majority of the Republicans in the Middle West it believes that the tariff is in urgent need of radical revision, and it will be made plain to the voters of Nevada that a party which stubbornly insists on "standing pat" in the face of the growing need of tariff revision is no friend to the common people of the United States, and is especially a menace to the prosperity and progress of Nevada mines and Nevada miners.

The sum total of all these matters makes a most incongruous whole but many things enter into the fate of men and parties and in this case they spell victory for the party of the people and defeat for the party of plutocracy in the coming campaign.
